ASSEMBLY DIRECTIONS

BLOCK ASSEMBLY: TWO-FABRIC TRIANGLES

1. Using ¼" seam allowance, sew strips together noting fabric color and strip measurements as stated:

2. Cut the number of triangles stated in step 1 for each pieced strip using the 60 degree ruler, aligning the 3¼" mark on the ruler at the seam line and the bottom edge of the strip set on the 5¾" ruler line. Cut triangles next to each other. Do not flip ruler. [fig 3]

3. Refer to the QUILT DIAGRAM for pieced triangle colors. Pin the left and right side limestone triangles to each main triangle. Note the triangles vary direction with each block. [fig 4]
4. Sew the side triangles to each main triangle. Lay the left side triangle (RST) on top of pieced triangle extended over top edge, sew ¼” seam allowance. Press. Repeat with right side triangle. [fig 5]
5. Square up each block to 6½” w x 5¾” h. Use top of triangle as a center point and leave ¼” seam allowance at triangle top point. [fig 6]

**ASSEMBLING THE QUILT**
6. Referring to the QUILT DIAGRAM for color placement, arrange the blocks in six horizontal rows of three blocks each. Sew the blocks together in rows, pressing seam allowances going in one direction alternating directions from row to row. Sew the rows together to complete quilt top.
7. Measure length of quilt top (approximately 32”) and cut (2) 3½” limestone sashing strips to equal that length. Sew a strip to each side of the quilt top.
8. Repeat Step 7 measuring the width of quilt top (approximately 24½”). Sew the strips to the top and bottom to complete quilt top.
